**SOAK-OFF GEL
NAIL ARTIST**
CERTIFICATION PROGRAM

Hi, I'm Mia!

I feel so blessed you are considering taking education with me, and I know the decision to invest in yourself probably isn't taken lightly. Beginning my career as a nail artist was one of the best decisions I ever made, and if you're seeking to create a fun and profitable business, I can confidently say you're in the right place!

This course doesn't just cover the basics, you'll be learning the tips, tricks and business strategies I gained through over 16 years in this amazing industry.

Because I have *lots* of experience in the nail world I've also seen countless nail techs struggle with the exact same things over and over. For this reason, each of my courses are designed to give you the knowledge and skills you'll need to overcome any hurdles you might encounter along the way!

The best part is, you'll have me in your corner from day one and I don't disappear after classes end like traditional nail programs. I'll continue to cheer you on, support you and even share your work to my page to help you grow your clientele!

If you invest in yourself and stay committed to success, this is a rewarding journey that promises growth and fulfillment. Let's make your dreams a reality!!
